What type of things did you do in that job? (responsibilities, tasks, duties ...)

What did you learn?

How did you learn it?

- Observed others
- Learned at school
- Trial and error
- Took a class
- Practiced
- Read instructions
- Asked questions
- Learned in a job
- Took notes
- Training by someone else
- Asked people

Any other ways?

What other types of jobs do you think these skills and knowledge could be used in?

Interactive Exercise #2: Role Play

Interviewer Number 2: Questions to get you started

Describe a task that you do. For example, repairing a small engine, cooking meals, etc.

What did you need to know to do this task?

What information did you need to start and finish this task?

What did you need to be able to do it? For example, specific knowledge and skills, etc.

What tools or processes/methods did you use?

What was important to do to complete the task well?
